For the attention of Mr Steven Aldridge
Dear Sir

Re 18/000057/CM

Thank you for your information on the above application, Hampton Lovett & Westwood Parish Council see no reason not to agree with the proposed application. Particularly as our District Councillor has advised us that the additional capacity should improve the overall efficiency of the plant.

Our Parish may be just outside the Parish of the Incinerator, but we would however request that the TPM Schedules (Total Preventative Maintenance) are kept up to date. Particularly for those items associated with the discharge stacks and their associated filter equipment. And that these have at least an annual audit both of the paper work and the physical equipment.

Yours sincerely

G D Crow
Chairman Hampton Lovett & Westwood Parish Council

Clerk and RFO Jemma Towers TL 07927003369
